*Terrorism / RPT*

34. [REDACTED] LIAISON Elaine Christofferson, in the Reno office of Senator Paul Laxalt (R., Nev.), called stating that an attorney, Mr. Les Fry, telephone: 702-329-8646, had called her saying that he had a client who he feels should talk to somebody at CIA but would provide no further information. I told her that we would have somebody make contact with the attorney. I then called [REDACTED] and passed the information on to him [REDACTED].

35. [REDACTED] BRIEFING Accompanied Howard Stoertz, NIO, Ev Hineman and [REDACTED] OWI, to a briefing of the Senate Armed Services Subcommittee on Arms Control on the BACKFIRE bomber. (See Memorandum for the Record.)

36. [REDACTED] LIAISON Received a call from Cathy Essoyen, Senate Select Committee on Intelligence staff, who said that Hal Ford, of the Committee staff, asked her to get copies of recent Agency publications on terrorism which had been mentioned in the New York Times. After checking with [REDACTED] NFAC/CSS, office, I told Essoyen the publications were fairly old and I believed the Select Committee already had them. Essoyen agreed to check and later advised me that the Committee had one. I agreed to deliver a copy of the other - "International and Transnational Terrorism: Diagnosis and Prognosis" - next week.

37. [REDACTED] LIAISON Called Henriette Stegemeier, in the office of Senator Howard H. Baker (R., Tenn.), regarding the EEO case of an Agency employee. The employee had written Senator Baker complaining about the delay in the hearing of her case. I explained to Stegemeier that the Director had made a decision on the case to support the recommendation of the EEO office. I admitted that there had been undo delay but said that this was in no way intentional. Stegemeier said this was all the information that she needed.

38. [REDACTED] LIAISON Jean Evans, Senate Select Committee on Intelligence staff, called with two questions regarding the recent DDO cuts. He asked how many were cut from the CI Staff and how many specifically from the Research and Analysis Group of the CI Staff.
